

COLLEGE FOOTBALL OFFICIATING, LLC

2019 CFO NATIONAL TRAINING VIDEOS

Each year we post a national training video for officials to this web site. Effective this year, the national training video will be presented in a different manner.

Rather than a single long video, there will be shorter weekly videos, beginning the week of June 24 and continuing each week for ten weeks leading up to the start of the football season. Each video will have twelve plays that are taken from games in the 2018-19 postseason—that is, conference championship games, bowl games, the national championship games in FCS, D-II and D-III, and the CFP national championship game.

We hope that this manner of presenting the preseason videos will help you as you prepare for a great season in 2019.

Rogers Redding

National Coordinator of Football Officials
